KIDS GOLF CAMP – LEARNING AND FUN

The first annual Kids Golf Camp was held at Lida Greens Golf Course on Tuesday, June 20th from 10am to 3pm. Thirteen children in grades one through five learned about the history of golf, introduction to golf rules and golf etiquette. The three “Rs” of golf were stressed: RESPECT for the game, RESPECT for the course, and RESPECT for each other.

Campers were assigned to a group which then moved from station to station learning how to putt, drive, and chip. Bob Brooks, Tony Cairo, and Eva Kelly made the lessons learned at each station fun, challenging and competitive. After a delicious lunch of pizza and lemonade each group went out on the course to play a game of golf.

Jodi Roman, Madison Hilber, Joseph Hilber and Tony Hilber led their groups through an afternoon of golf. The golf course created a youth tee box on several holes which were positioned closer to greens to facilitate the new players. After a wonderful afternoon of golfing, the kids headed back to the pro shop porch for a recognition party. While snacking on cookies and Gatorade, each child completed a camp survey.

Additionally, each camper received a camp certificate and a coupon for a free round of golf. Campers and players all agreed that they had learned many new skills that will assist them in becoming great future golfers! Lida Greens Golf Course will host their 23rd annual youth tournament August 13th and many of these campers plan on using their new skills in that competition.
